Registration is limited to 40 students

An incident command course developed especially for EMS. This course, popular in several other states, prepares EMS providers and services for responses to large events.

Instruction will be conducted by
Everitt F. Binns, PhD

Dr. Binns currently serves as the Executive Director of the Eastern PA Emergency Medical Services Council. Dr. Binns is a management, educational consultant, speaker and organizational leadership specialist to corporations, hospitals, higher education, and emergency services organizations. Furthermore, he has over 40 years of practice and experience in Emergency Services. He is an adjunct professor at Drexel University, College of Nursing and Health Professions.

ICS for EMS

Train the Trainer

Registration, motel and lunches are provided for this workshop. **However, a \$75.00 deposit is required to secure your registration.**

Please return this registration with a check for \$75.00 to EMS and Trauma Systems.

Your check will be held until the course and returned to you when you show up.

"No Shows" will loose their registration deposit in order to meet costs for the course and lunches.

Registration is limited to 40 students—sign up now!!

June 21, evening only

This part of the session is geared to discussions of instructor techniques and adult learning concepts which will help students teach the **ICS for EMS** course.

June 22 & 23

This is a two-day instructor-led field course equivalent to IS100 and IS200, designed to introduce students to the concepts of the incident management command system as applied in a pre-hospital emergency.

Funding for this course is primarily from Hospital Bioterrorism grant funds from the Emergency Preparedness Bureau, DPHHS

Course logistics and other assistance is also being provided by **MEMSA**

Register ASAP—limited slots available!!

Selected students will be notified by June 1st.
